

**Mad Science
and Chess**
At St. Francis de Sales

Looney Life Labs

on Mondays for Grades K-2 and 3-5

Explore the natural world and its adaptations. Observe creepy crawly bugs, make casts of animal tracks & study the feeding habits of owls as we dissect their lunch's remains. Some of the weekly topics in this session are: **Bugs, Earthworks, Walloping Weather, Mission Nutrition, All about Animals, Life in the Sea, The Birds & the Beasts, Earth Awareness, Nature and The Science of Sport**

School House Chess

on Wednesdays for Grades K-5

Schoolhouse Chess is devoted to helping kids develop learning and thinking skills by teaching them chess. Chess has been proven to help with logic, memory, analysis, reading, and mathematics, and has even been shown to improve IQ. However, Schoolhouse Chess understands the importance of making learning fun! We teach chess with fun characters and stories that are woven into a logical, step-by-step curriculum that begins with the basic rules and extends through advanced strategies and tactics.

A minimum number of students must be enrolled in order for each class to run. Final decisions to run or cancel will be made before the start date of the program. There are no refunds for programs children fail to attend.

**Saint Francis de Sales School
219 Beach 129 St.
Belle Harbor, NY 11694**
