## School House Chess on Wednesdays for Grades K-5

Schoolhouse Chess is devoted to helping kids develop learning and thinking skills by teaching them chess. Chess has been proven to help with logic, memory, analysis, reading, and mathematics, and has even been shown to improve IQ. However, Schoolhouse Chess understands the importance of making learning fun! We teach chess with fun characters and stories that are woven into a logical, step-by-step curriculum that begins with the basic rules and extends through advanced strategies and tactics.

*A minimum number of students must be enrolled in order for each class to run. Final decisions to run or cancel will be made before the start date of the program. There are no refunds for programs children fail to attend.*
