LEGO STEM Engineering at St. Francis de Sales

Intro to STEM w/LEGO® Materials

Tuesday's from Oct. 8th - Nov. 26th, 2019

Grades K - 1 • 2:30pm - 4:00pm

Tap into your imagination with tens of thousands of LEGO® parts! Build engineer-designed projects such as: Boats, Snowmobiles, Catapults, and Merry-Go-Rounds. Design and build as never before, and explore your craziest ideas in a supportive environment. There are no prerequisites for this course.

STEM Challenge w/LEGO® Materials

Wednesday's from Oct. 9th - Dec. 4th, 2019

(Omit: Nov 27th, Holiday)

Grades 2 - 5 • 2:30pm - 4:00pm

Master your engineering skills with Play-Well TEKnologies and tens of thousands of LEGO® parts! Apply real-world concepts in physics, engineering, and architecture through engineer-designed projects such as: Catapults, Pneumatic Cranes, Arch Bridges, and Battleracks! Design and build as never before, and explore your craziest ideas in a supportive environment. There are no prerequisites for this course.

Each course is \$200.00/Student, for the 8 week course

Registration taken by St. Francis de Sales

For questions, please contact Matt Grubin at matt@play-well.org or (917) 723-9630

Kids are already naturally gifted creators. They dive into our massive collections of LEGO®. And while they build elaborate objects they explore fundamentals principles of engineering and physics. They also learn to collaborate and create without fear of mistakes. The experience is joyful, the impact long lasting.
